

Timeline

	Source
29-Jan-71 Geological and Subsurface Investigations, Arlington Disposal Site, Gilliam County, Oregon	Current Approval, Draft Approval
2-Mar-76 ODEQ issues haz waste site license to Chem-Nuclear Systems, Inc. Chem-Nuclear Systems, Inc. applied to R10 for approval of a PCB disposal site designated as Trench 5 at the landfill.	1976 ODEQ Haz Waste Disposal Site License Current Approval, Tab C,
10-Mar-78 Technical report submitted in support of application.	Technical Report Current Approval, Draft Approval, Tab C
1-May-78 Public Notice	Current Approval, Tab C
30-Jun-78 EPA Approved northerly 150 feet of Trench 5 for PCB disposal	Current Approval, Tab C
8-Dec-78 EPA Modifies June 30, 1978 Approval Letter- deletes Part C, substitutes new Part C effective on date of letter	Tab D Current Approval, Draft Approval, Tab E
17-Sep-79 Request for approval of an additional PCB disposal area, Trench 6 EPA Approved PCB disposal at Chem-Nuclear Systems, Inc northerly 150 feet of Trench 5 and 100 foot by 100 foot	Current Approval, Tab F
28-Nov-79 area in the southwestern corner of Trench 6. Supersedes and replaces the June 30, 1978 Approval. Letter from Arlington Chemical Landfill requesting PCB Disposal Letter for the site be modified to exclude the	Current Approval, Draft Approval
19-Mar-80 southwest corner of Trench 6	Current Approval
15-Apr-80 Letter requesting modification of the existing permit to allow disposal of capacitors	Current Approval, Tab H
14-May-80 EPA Approval, Part C of the Nov 28, 1979 approval is deleted and replaced by attached Part C	Draft Approval
19-Dec-80 Application for PCB disposal in the southwest corner of Trench 9	Current Approval, Draft Approval, Tab I
20-Jan-81 Amendment to the Dec 19, 1980 Application	Current Approval, Tab J
20-Feb-81 EPA Approval, Part C of the Nov 28, 1979 Approval is revised and amended as follows in the letter.	Draft Approval, Final Determination Analysis Document
9-Sep-81 Request for extension of Nov 28, 1979 Approval, as amended May 14, 1980 and Feb 20, 1981	Draft Approval
undated Approval supersedes the November 28, 1979 approval as amended	Draft Approval, Tab K
1-Dec-81 Submission of Operation Plan for Arlington Site	1981 Public Notice
18-Dec-81 EPA Public Notice	Tab AA, Tab L
25-Mar-82 Letter of Approval for PCB Disposal at CSSI was revised and extended to Jan 1, 1985	Tab M
12-Apr-82 EPA Final Determination Analysis Document Approval for PCB Disposal at CSSI (Response to Comments)	
16-Apr-82 Addition of Operation Plan revision document dated Jan 8, 1982 to Appendix II of the March 25, 1982 approval letter	Tab N
30-Apr-82 CSSI Submits revised operation plan	Tab O
16-Jun-82 EPA approves Replace pages 1-12 of the Dec 1, 1981 Operation plan with those submitted April 30, 1982. CSSI submits Final engineering report which includes the technical aspects of trench closure. Request to approve the	Tab P
15-Jul-82 plan and modify the letter of approval by deleting the six inch gravel provision	Tab Q

2-Sep-82	Response to July 15, 1982 request to modify March 25, 1982 approval. Conditionally approved.	Tab R
December 7, 1982	CSSI requests PCB disposal approval in the southerly 230 feet of Trench 7, deletion of well B-4 and substitution of B-4 with well B-2	Tab T
15-Apr-83	CSSI proposes batch testing PCB-contaminated liquids	Tab U
25-May-83	EPA Modification of March 25, 1982 letter of approval for batch testing liquids	Tab V
5-Aug-83	EPA makes Modifications to the March 25, 1982 Approval as a Partial response to meeting held on June 9, 1983 between EPA and CSSI relating to amendments made in EPA correspondence on May 25, 1983.	Tab W
20-Jan-84	EPA- Partial waiver found in part B of the March 25, 1982 Approval is revoked.	Tab X
1-Jun-84	CSSI requests clarification of the requirements pertaining to trench preparation and requests modification of the chemical analytical requirements.	Tab Y
20-Jun-84	CSSI Response to phone call from EPA requesting confirmation that Trench 7 was constructed in accordance with submission to EPA dated Aug 31, 1983.	Tab Z
21-Nov-84	CSSI requested approval renewal and extension to Jan 1, 1989	Tab AA, Tab EE
28-Dec-84	EPA approves extension of March 25, 1982 approval as amended until EPA makes a final determination on the request for renewal (no termination date)	Tab BB
28-Mar-85	EPA responds to renewal request with Information Request	Tab CC
31-May-85	CSSI writes letter to ODEQ informing them of March 28, 1985 RFI from EPA	Tab DD
1-Jul-85	CSSI submitted updated Operation Plan	Tab EE
2-Jul-85	CSSI Submits cover letter noting additional documents submitted	Tab EE
27-Feb-86	Chem-Security Systems, Inc. requests to modify approval for GW detection limit to increase from 30 ppt to 1ppb and use EPA approved methods. 30ppt only achievable under ideal conditions or using non-EPA methods	Tab GG
19-Mar-86	EPA modifies March 25, 1982 approval (and its subsequent revisions)	Tab HH
13-Mar-87	CSSI requests approval to dispose in two cells in L-13. References previous requests in Dec 4, 1986 and Feb 4, 1987.	Tab II, Tab VV
30-Apr-87	Request to dispose in cells 4 and 6	Tab JJ
22-May-87	EPA grants conditional, temporary approval for disposal in Landfill L-13	
19-Jun-87	EPA Conditionally granted temporary PCB disposal Approval for Cells 1 and 2 of landfill L-13. Referred to as Amended in Tab DDD, but unknown on what dates	Tab DDD, Tab KK
1-Jul-87	CSSI submits initiation of corrective action items identified in the May 22, 1987 conditional approval	Tab LL
6-Jul-87	EPA Response to June 19 1987 letter - temporary approval granted upon receipt of this letter	Tab MM
21-Jul-87	CSSI requests to modify May 22 1987 condition 1d from monthly sampling and 30-day reporting deadline to semi-annual sampling with a 90day reporting period	Tab NN
3-Aug-87	EPA modifies May 22, 1987 approval as requested on July 6, 1987	Tab OO
6-Nov-87	EPA Review of CSSI's PCB report- no violations. Includes draft September 18, 1987 Approval	Tab PP
11-Mar-88	CSSI discusses substituting wells 2Qb01 for well SW2-4	Tab QQ
8-Jun-88	EPA, ODEQ and OEQC jointly issued Final Permit Number ORD 089 452 353 pursuant to RCRA and Chapter 466 of OR revised statutes for treatment, storage and disposal of hazardous wastes at the arlington facility.	Tab SS
	CSSI submits letter discussing several issues: Leachate level in L-13, Testing leachate for PCB, Parameter testing	Tab RR

Request an amendment to condition 1 of the temporary PCB Disposal approval issued on May 22, 1987, amended on	
10-Jun-88 July 21, 1987 to be consistent with the march 11, 1988 Permit	Tab SS
17-Jun-88 EPA Follow up to CSSI June 10, 1987 letter. Approval is modified as requested	Tab TT
12-Aug-88 CSSI Revised Operation Plan cover letter with request to EPA to approve the revised plan in support of renewal	Tab UU
5-Oct-88 CSSI requests approval of Cells 4 and 6 in landfill L-13	tab VV
27-Dec-88 CSSI states they intend to implement their revised operations plan submitted August 12, 1988.	Tab WW
EPA modifies PCB letter of approval. EPA reponse to CSSI's Jan 23, 1989 letter requesting revision of the May 22, 1987, as amended, temporary pcb disposal approval, to include cells 4 and 6 lf landfill L-13. Revision of the approval	
3-Mar-89 incorporates those cells.	Tab AAA, Tab YY
CSSI requests modification to March 25, 1982, as amended, approval, to modify groundwater monitoring frequency	
21-Mar-89 to be consistent with changes made to other wells in a march 3, 1989 amendment	Tab AAA, Tab ZZ
3-Apr-89 EPA modifies Letter of Approval to approves modification of groundwater monitoring	Tab AAA
2-Mar-90 CSSI requests PCB disposal approval in Cells 3 and 5 of Landfill L-13	Tab CCC, Tab DDD
EPA modifies May 22, 1987, as amended, approval to include disposal of PCB waste in Landfill L-13 to include Cells 3	
23-Apr-90 and 5	Tab DDD
Chemical Waste Management of the Northwest submitted updated Operation Plan in accordance with March 25,	
24-May-94 1982 Approval	Tab EEE
CWMNW requeusts approval to dispose in L-12, and that all previous approvals be consolidated into one document-	
21-Jun-95 from March 25, 1982 onward	Tab FFF
